

Facial Radiance™ natural face lift

Facial Radiance is a holistic facial massage which promotes deep relaxation, tapping into the body's intelligence and supporting integration, balance and harmony.

When tension leaves the face radiance begins!

The visual effects on the face can be profound and include:

- improved skin tone
- opening of the eyes
- more definition around the cheek bones and jaw
- softening of deeper lines
- disappearance of fine lines

“Possibly the most relaxing hour of my life” Kate, Simply You

Facial Radiance compliments all areas in the health and wellbeing professions.

Training is held over three days in which you will learn the **Facial Radiance technique** plus the **meridian pathways** and **muscles of the face**. No oils or creams are needed but can be easily integrated into the treatment.

Manual and Facial Radiance CD included. On completion of this training you will be fully equipped to begin working with your clients immediately.

“Facial Radiance has now become an integral treatment in my business and contributes to more than half of my income ...”
